WEDDING PRICE GUIDE

WHAT TO EXPECT

During your initial consultation, we discuss every detail of your decoration ideas so you can feel confident that your wedding flowers will be everything you dreamed of and more for your special day, whilst being within individual budgets.

After your initial consultation, I will provide you with a quotation specific to your requirements, which will reflect the seasonality and availability of the flowers and the complexity of the design. The price would be held irrespective of any price increase.

I ask that bookings are then confirmed and a deposit paid to secure the date.
